## Wisconsin & Southern Railroad Supports Baraboo Canine Program

On Tuesday, June 15, 2010, the Wisconsin and Southern Railroad presented a \$500 donation to the Baraboo Police Department in support of their new Canine program. The Police Department has spent several months raising money to purchase, train, and maintain a new canine for the department and is hoping to add their new canine to the ranks late this summer. Matthew Koser, System Trainmaster for the Wisconsin and Southern said, *"The Wisconsin and Southern Railroad is happy to partner with the City of Baraboo in helping to improve public safety and we hope the citizens of Baraboo give a warm welcome their new canine officer"*.

The Wisconsin & Southern Railroad Co. (WSOR) is a regional railroad company operating in the southern half of the State of Wisconsin, including the cities of Baraboo, Reedsburg and Rock Springs throughout Greater Sauk County. The WSOR operates over 700 miles of branch and mainline track traversing a total of 21 counties in Wisconsin and Illinois.
